Roberts and Blank Push University Speed-Up

Palm Beach County's legislative team, Emmett S. Roberts and Ralph J. Blank, Jr., stepped down another historic step in Florida education facilities Tuesday when the State Board of Education okayed a plan for stepped-up planning for Boca Raton University. In connection with this step the State Internal Improvement Board must make available \$350,000.

House Member Markham, of Okeechobee, and Ryan, of Broward County, attended the meeting, and Representative Blank announced that he and Roberts had secured the support of delegations of seven agricultural counties and many other key legislative members throughout the state.

Among influential members whose support will be important in getting the proper appropriations for building in the new school system, are Senator Wilson Carroway, of Tallahassee, and Senator-elect Cliff Harrell of Dade County. His action was ably seconded by Dr. J. Broward Culpepper, executive director for the Board of Education and the I. B. Board.

Tom Fleming, banker, attorney and prominent farmer of Boca Raton and Chairman of the Palm Beach County Resources Development Board's committee on education, also attended the meeting.

Pre-school roundup for potential students of the Palm Beach County Elementary School will be held at the school auditorium May 20 at 10 a. m. The roundup will be held at the school auditorium May 20 at 10 a. m.

All parents planning to enter their children in the first grade in September are encouraged to bring them to the roundup. It is important that all parents attend this meeting to eliminate waiting lines in September.

It will also make it possible for the school to plan more effectively the first grade program for next year. Parents will receive the following birth certificate, list of immunizations, and evidence of polio vaccination.

Parents are asked NOT to bring their children to this meeting. Forms for the purpose of requesting birth certificates will be available.

Everglades USDA Club President Returns From S. A.

Donald W. Fisher, president of the Everglades U. S. D. A. Club and Administratively in Charge of the Field Branch of Cotton and Cordage Fiber Branch at Belle Glade, returned May 10 after a temporary duty in Bogota, Colombia, S. A. He has been with I. C. A. studying the feasibility of kenaf production in Columbia. Fisher presided at the luncheon meeting of USDA Club Wednesday.

"Kenaf," Mr. Fisher reports, "shows an encouraging program in Columbia. They have a deficit of 12,000,000 yards, tying textile and other cottage. The present guaranteed market is for 1500 tons of kenaf at an equivalent price of jute delivered in New York. The import of jute is prohibited in Columbia, where there is no soft fiber production. They have available large acreages of fertile land along the Magdalena River."

Building Values Prove: Merchants Have Faith in City They Deserve Our Full Support

Council Tables Planning Contract; Program Would Cost City \$5,000

Adoption of a resolution approving a \$10,000 city planning program was tabled Wednesday night by Belle Glade City Commissioners when councilmen deemed the project worthy of more study. The action came following a recommendation by City Manager C. B. Talmadge that the city adopt the program subject to the approval of the city attorney.

Under the proposed contract with the Florida Development Commission, the city would receive a two-year study on subjects concerning planning, expansion, development and regulation of building and zoning.

Half of the \$10,000 would be provided by federal grant under a section of federal housing legislation. Development Commission officials notified the city this week that tentative approval had been received.

In other action, the council approved a motion to meet Wednesday night in special session to take up bills in proposed subdivisions ordinances. The council will seek to develop a policy concerning the installation of street utilities and other subdivision regulations to replace the "horse-trading" as now in effect.

In another separate matter the council agreed to spend up to \$1,500 on marina improvements in the near future for the creation of park areas with camp-stoves, walkways and picnic tables in a defined area of the city marina on Rm Canal. The request came from the Belle Glade Chamber of Commerce.

The council also heard that Fla. East Coast Railway wouldn't accept responsibility to repair approach to its rights-of-way on three streets, North and South Canal.

Instructed the city manager to call the building appraisal board to the city to review the appraisal on Ave. A regarding a dangerous building notice by the city.

Learned that a traffic survey regarding speed zones on S. Ave. E would be made soon by the State Road Department.

Went on record to disfavor 131 parcels of yellow and seven white carlots left Monday at Belle Glade and South Canal.

As celery shipments dropped, other shipments appeared to decline as prices edged upward as the commodities become more scarce.

Building Construction at Belle Glade during the last year has proved two relative points in addition to the fact that there is money to be spent in this area. The facts punctuated by this spending trend to indicate that there is a growing demand in our area for services; and simply that we are growing, period.

Sixteen new business establishments of one type or another valued at more than \$300,000 have been built, or are presently under construction. Many of the business structures being built these days not only replace a condemned or sub-standard dwelling, but also provide additional residential space for migrants and other types of day workers.

Another item on our tremendous growth is that nearly a million dollars worth of new homes or dwelling units have been built or spread on the drawing boards for our city within the past year. More people are settling down into our expanding city, and the older homes are filling the needs of the renters and newcomers of lesser means at the moment.

More shoppers. As our population increases, there are more shoppers among them; and more and more of them are shopping locally. They're keeping pace with the growth by adding new store fronts, extensions, and repairs as attested by our city's building inspector's reports.

Every Belle Glade merchant is backing up his confidence in his town—and the prosperity of those in it and the future—by his hard-earned dollars.

Should there be a doubt about the growth of our city, look down "merchman's row" on Avenue A and count the new stores, businesses and building repairs.

Main St., too, has taken on a new look with more services, and new shops and businesses dot the immediate downtown area.

Answer obvious. The answer to why all the construction is obvious: More home folks are here to serve you, and the established business men are painting to attract your attention.

To complement their enthusiastic store-front campaign, many of the stores have added new lines of merchandise, additional "big town" services to attract and hold their customers.

No group of citizens are greater boosters of their community than the business people. They have your praise and are adding to the material wealth of our community; and they deserve your support at their counters.

HOW TO BOOST

Our merchants are here to stay. They choose to locate here because they believe in our future.

Nothing can contribute to the growth of any place like a strong mercantile backing. Our business men to be for themselves must be for our town.

We can help them to help the town—we can help ourselves by trading here, and better still, when we

Drift Fishing Is Good

Alleen Hemphill, Leland Plank and Raymond Plank went drift fishing on Thursday. They were aboard Captain Jim's Sea Mist No. 2 and left the pier at Boynton Beach at 8:00 o'clock. Their catch was six dolphin and one blue fish. They returned to the pier at 12:00 o'clock. On their way home they stopped to visit Mr. and Mrs. Seth Plank and family at their home in Lantana.

The activities will include five events, headlined by a 50-lap feature, supported by three qualifying heats and a consolation race. Qualifying heats will be over the 10-lap route with the consolation race to go 15 laps. First event is scheduled for 2 p. m. with time trials beginning at 1 p. m.

Spectators are invited to view the cars and pit area after the running of the feature event. Local drivers may participate by qualifying in time trials after an inspection.

This will be the first of a planned year of stock car racing. Events are scheduled to take place every Sunday afternoon throughout the racing year.

Gun And Bolita Trouble

Belle Glade police arrested Lawrence Teague May 8 and charged him with carrying a concealed 32 calibre pistol and possession of bolita tickets in a S. W. 6th St. apartment house, according to Police Chief Charles Goodlett.

According to the arresting officer's report, Teague was helping to create a disturbance when neighbors notified police. A search of Teague revealed the municipal court trial Tuesday night were not known in time for this report.

LSHS Football Schedule Ready

Athletic Director Willie Irvin at Lake Shore High School announced his nine-game football schedule this week for the 1960 season.

One new opponent, Florida School For Boys at Okkeehobee, will be added to the schedule this year. The schedule:

Sept. 16 Ft. Myers here
Sept. 23 North Dade away
Oct. 1 West Palm Beach here
Oct. 8 Gifford* here
Oct. 18 Okkeehobee away
Oct. 21 Open here
Oct. 28 Delray* away
Nov. 4 Ft. Pierce* away
Nov. 11 West Riviera* away
Nov. 18 Gouls away
Nov. 24 Pakhokee* here

* Denotes Southeastern Athletic Assn., conference games.

Coach Irvin said the Nov. 24 contest with East Lake High of Pakhokee would be dubbed the Turkey Day Classic and become an annual clash for honorees in Glades football.

Pakhokee becomes a senior high next semester, and under a tentative transfer arrangement, Lake Shore would lose a valuable football player to Pakhokee, George Golden.

Bobcat-Greyhound In Diamond Game

Lake Shore High School's Bobcat baseball team played a return match with Ft. Pierce's Greyhound on Tuesday, Tuesday, but the score was unavailable at press time.

The Bobcats took a four-inning affair from the Greyhounds here last week, 2-1. The rain-out remaining three innings forced the game from being official, according to Coach Willie Irvin.

Irvin said the Bobcats will face Roseville of West Palm Beach Friday on the coast then play another with the Marion Devils on May 16 to finish the season.

WHO IS WHO IN THE GLADES AREA

THIS SECTION DEALING WITH OUTSTANDING CITIZENS OF THE GLADES AREA IS AN ATTEMPT TO SET DOWN IN PRINT THE POSITION THESE CITIZENS OCCUPY IN THE EYES OF THEIR NEIGHBORS. NO ONE WROTE OF HIMSELF IN THIS SECTION. THE MATERIAL WAS GATHERED AND WRITTEN BY BOB AND BILL BULLARD.

Earnest Parnell

The ability and energy of Mr. Earnest Parnell, Electrical Contractor at 244 Barfield Hwy. are doing much for the advancement of his electrical contracting business and therefore for the community for the complete electric service he renders is most valuable to the area. It is the good fortune of Pahokee that this business was established.

Mr. Parnell is a man that would be hard to top in effectiveness and achievement in the electric service. He has a great practical knowledge of this business and by devoting much time to the management of it, he has been able to overcome many difficulties that would have discouraged most men. The large patronage extended this business proves the efficiency of its operation and its popularity in this section.

Earnest Parnell, a persistent and tireless booster for this section, has shown an unselfish devotion to the community interest and has earned his popularity.

Frank L. Belk

A business man that offers a service to the general public must have a certain extra ability and perceptiveness in his mode of operation for the service he may be sold by man's ingenuity or by past records. Therefore Mr. Frank L. Belk, Crop Duster at 3597 Airport Rd., Pahokee is a man who has proved he can very successfully operate his business should wishing his business with a basic foundation of offering the very best in crop dusting at the lowest prices possible to realize a fair and honest profit, has proved to be a route to success and has built a business to the community can point with pride.

Although not ostentatious in his contributions to civic ventures, Frank can always be depended upon to contribute to any plan for over all city advancement.

We congratulate Frank L. Belk for his contribution to progress by being a good businessman and for his contribution as a good citizen.

Bob Shackford

Bill Shackford
Walter Shackford

If a business is to grow and prosper in an area the size of the Canal Point-Pahokee area, the highest standard of operation must be maintained and three people who, without undue effort, have always adhered to the highest code in business dealings are Bob, Bill and Walter Shackford of Canal Point Machine Works on Palm Beach Rd., Canal Point.

Considering each customer a friend, the feeling is mutual for people of the area are quick to compliment these men for their honesty and reliability.

Bob, Bill and Walter seem to realize that their success is due to the people who patronize Canal Point Machine Works, and are ever ready to show their appreciation to them in any way possible.

We must include them in this review, however, not only for their fine business practices but also their contributions of time and money for worthwhile civic projects.

For this area's future growth and prosperity, we recommend a few more business establishments such as Canal Point Machine Works and a few more business people like Bob, Bill and Walter Shackford.

Ina McWhorter

Possibly no profession has advanced more rapidly in the past decade than that of the Beautician, and in today's highly competitive business world anyone who keeps up with the latest trends in their profession deserves a word of praise. One member of this rapidly advancing profession who has kept pace with the times is Mrs. Ina McWhorter of Ina's Beauty Shop at 224 S. W. Ave. B has gained prominence in this section as a hair stylist. She has also gained prominence by the manner in which she has accepted her responsibilities in her community activities. It is such people who maintain the active in civic affairs and who do their share to make a better city, and we join with friends and customers of Ina McWhorter saying "Congratulations - you have succeeded in both."

This section's growth is due to people who become active in business establishments and who do their share to make a better city, and we join with friends and customers of Ina McWhorter saying "Congratulations - you have succeeded in both."

Roy Vandergrift, Sr.

Successful business and professional men as a general rule show their appreciation for their success by the often repeated demonstrations of civic pride. This is a fortunate fact. Otherwise a city would be lacking in progressive elements which advocates and develops various projects of a civic nature. Roy Vandergrift, Sr. is indicative of an advancing community.

Mr. Roy Vandergrift, Sr., of Vandergrift, Williams Farm, Inc., at 107 Lake Ave., Pahokee, is a man who has already proven that he never fails to lend a hand when it comes his turn to help on some worthy project promoted for the general betterment for Pahokee and adjacent territory.

Roy takes a genuine pleasure in this method of showing appreciation of the success of Vandergrift, Williams Farm, Inc., in this area and in so doing recognizes his civic responsibilities to the home community.

It is such men as Roy Vandergrift, Sr. who become acknowledged as the leaders in community activities, and we compliment him on having attained this position in his city.

Mr. and Mrs. James E. Batchelor

Mr. and Mrs. Paul Collier, Jr.

In singling out some of the more progressive business and professional people of Pahokee and vicinity, we point with pride to Mr. and Mrs. James E. Batchelor and Mr. and Mrs. Paul Collier, Jr. of Ba-Co Paints Tiles and Carpets, at 161 E. Main, Pahokee. They are people who have never spared themselves in their participation in civic activities.

The Batchelors and the Colliers have always been conscious of their civic responsibilities and ever ready and willing to meet in every detail those obligations and responsibilities which come to their attention to further civic enterprise.

They deserve a great deal of credit for the honest and successful manner in which they have operated their popular paint, tile and carpet store. They are friendly and likeable personalities, whose sincere desire to be of service has gained for them a host of friends and acquaintances in and around Pahokee who would, if given the opportunity, join in wishing them and Ba-Co Paints, Tiles and Carpets many more years of continued service.

C. L. Stuart

Machine shops play an important part in the business and home life of any city and Mr. C. L. Stuart of Stuart's Farm Shop on Lake Shore Dr., Canal Point, plays an outstanding role in the realm. Seeing that this rapidly advancing industry for a good machine shop, this business has been operated with an eye on the future and has kept pace with the area's growth. That is why it continues, year after year, to attract a large and discriminating patronage.

In addition to his being an energetic worker in his own business affairs, Mr. Stuart has never refused to lend a hand in community affairs and in these matters he has shown an open mind and a generous attitude. These qualities properly account for his wide circle of friends and customers of the time that he has been here.

With his friendly attitude and back ground of service in this field, C. L. Stuart will prosper.

Leonard Alper

The fine way that our close friends and neighbors run their business is oftentimes overlooked simply because we know them well and the prime purpose of this review is to bestow a little credit upon those who have, in one way or another, shown that they are in the both business and civic conditions.

One of the well known citizens of South Bay who deserves mention is Mr. Leonard Alper of Bay Liquors in South Bay.

Leonard has assumed a position of importance because of the business-like manner in which he has conducted his Package Store and for the friendly relationship that exists between him, his employees and customers. This does much to aid in maintaining a friendly spirit throughout this section - a very important item toward progress.

Leonard Alper has been closely associated with many civic ventures and has always helped whenever his services were needed.

L. L. Shirley

Because this is a period of growth and expansion for the Glades area, those progressive business people who had the foresight and ability to lay their plans so as to be able to take advantage of these conditions are entitled to more than ordinary acclaim.

We are therefore glad to pay tribute to Mr. L. L. Shirley, consignee of Texaco Inc., at 301 E. Main, Pahokee. His persistent optimism and steadfast belief in the continued prosperity of the people of Pahokee and vicinity, even in the days when the area showed little growth, are characteristics which are deserving of our highest praise.

L. L. Shirley has always shown a willingness to do his part in civic advancement and has contributed his bit, in one form or another, to projects prompted for the welfare of this area. We believe that men like this are entitled to our praise, both because they have achieved success in their private affairs and because they are willing to contribute to the public good.

Madison B. DeVane

Louise B. DeVane

In business as in baseball, yesterday's hits will not win today's game. Seemingly to realize this, Madison and Louise DeVane of DeVane Bait and Tackle Shop on Hwy. 441 at the bridge, have endeavored to keep in step with the times and retain their reputation as respected business people.

The energy they have given to their Bait and Tackle Shop, they have also given to all endeavors in which they have been associated. In the Pahokee area, there are few movements for civic betterment in which they have not assisted.

In the operation of their business, they display a perfection of good taste and harmony, which one rarely sees such as all the little extras that makes "Good Bait and Tackle Shop" better.

We wish to congratulate Madison and Louise on their past success and wish for many more years of continued success.

Special Election Year Series

YOUR CANDIDATE

The Year 1960 has been termed one of Florida's most important election years. From the primary election to the general election, each voter has the opportunity to make his voice heard in the selection of the leaders who will govern the state. The Herald will introduce the candidates to the various districts between now and election time.

Mrs. Polly Rose Balfe, editor and publisher of the Homestead News, Homestead, Florida is a candidate for National Democratic Committee woman of Florida in the Second Primary Election on May 24.

Mrs. Balfe was a member of the Committee in 1943-44 when she was elected by the State Democratic Executive Committee to serve the unexpired term of the late Mrs. Emild Brown Hadsee, who died in office.

Mrs. Balfe was the first Florida woman ever appointed to the Arrangement Committee of a Democratic National Convention, where she served at the 1944 convention in Chicago.

A resident of Homestead for the past 14 years, she operates one of Florida's outstanding weekly newspapers. Besides her interest in local and civic affairs, she is a member of the Board of Directors of the Dade County Visiting Nurse Association; the Woman's Club of Homestead; the Episcopal Church; a former member of the Dade County Zoning Appeal Board, appointed by two Florida Governors; and a founding member of the State Safety Council.

Adams Extends Vote Gratitude

Senator Tom Adams of Orange Park, leading candidate for secretary of State, today expressed gratification at the tremendous vote he received in all areas of the state in the Democratic primary, Tuesday, and predicted an overwhelming victory in the second primary May 24.

"It was indeed heartening to see such visible evidence in last Tuesday's primary that I have so many friends and supporters throughout all of Florida," Senator Adams said.

"During the remaining days until the second primary," he added, "I promise you a most vigorous and active campaign in an effort to carry my message of good, clean government to every voter in the state."

The Orange Park Senator cited the record of achievement in the Legislature as the primary reason why the people of the

state will elect him to the post of Secretary of State to succeed Robert A. Gray, incumbent, who will retire January 1.

Elected to the Legislature in 1956, Tom Adams served with distinction. He was a leader in the fight for improved education, improved facilities for the mentally retarded, and tighter controls over spending of tax money.

On an experimental plot at the Florida Agricultural Experiment Station 4,759 pounds of peanuts were grown on a single acre - five times the field average yield of 918 lbs.

Boy Scout Troop 626 had a campfire and songfest Monday night at the boys scout hut. Skits were presented by the Woodman Patrol and a mind reading act was put on by the older scouts. Everyone had a good time. Dr. Mendal Lantz, scout leader Dr. Clarence Kidder assistant leader were present.

Oseola News

Oseola's Home Demonstration met for a program on preparing nutritious, balanced meals. Mrs. Elizabeth Pierce demonstrated a one-dish meal using cubed pork, green beans, potatoes, and a green leafy vegetable seasoned with salt, molasses, and ginger. Chinese Ginger Pork. It was very delicious.

Secondary Sites Added To Budget

Four road projects were added to the county's secondary road budget this week in a revised resolution adopted by the board.

The added work calls for a right of way survey and map for 7 1/2 miles of Delray Beach West Road, resurfacing sections of State Road 15 and State Road 700 in the Everglades and extension of curb, gutters and sidewalks on State Road 715 in Pahokee.

In another action on roads, the board at the suggestion of Commissioner Roy Michael voted to push improvement of Lantana Ave. in order that the work be completed before the next winter session. The board also voted to take action to procure right of way needed for improvement of Congress Ave. between Lantana and Hypoxylon Roads and to name applicants for right of way needed to widen Military Trail from State Road 80 north to Okeechobee Road.

Meat Cattle Sell Steady To Higher

Cattle sold steadily higher at the Monday Glades Livestock Market sale except stocker steers which were weak to \$1.00 lower, according to the weekly market bulletin.

The 1,027 cattle returned \$95, 79c.56, and 52% of the offering went to slaughter. Ten percent of the run was cows; 85% of them went to slaughter. Slaughter cattle were steady with calves and cows steady to 50 cents higher.

Slaughter Prices
Steers (143) 12.00-22.00; heifers (59) 15.00-21.80; calves (184) 14.90-27.75; cows (143) 12.00-19.00; bulls (10) 16.50-21.25.

Board Sales
Board Sales this week included 121 steers (\$20.30); five loads of steers (\$20.30); and 52 cows of steers (\$20.30).

Oseola's archery boys held a 12 target field tournament last Saturday. The boys were grouped into four classes depending on the shooting skill. Within each group they competed for an award. Jerry Parsons won the gold medal with the highest score of eight bulls. Bud Mann won the silver medal with the highest score of seven bulls. Lindsay won the bronze medal for first place in his division. Slaughter and Kenny Harper won an arrow for first place in the elementary group.

National Safety Council Will Study PBC Roads

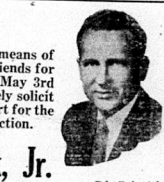

An assist from the National Safety Council to help this area cut down on a growing number of traffic fatalities was sought this week by the County Commission.

The board has previously requested aid from the State Highway Patrol, and in a letter received this week from Patrol Headquarters, H. N. Kirchman, Florida's Safety Director, suggested that a survey be made by the national group in an effort to determine what might be done to cut down on the number of accidents.

The commission voted to ask Kirchman to request the survey.

Carlton Expresses Thanks For Vote

Sen. Doyle E. Carlton, Jr., of Wauchula, renewed his drive for governorship of the state this week with an expression of confidence that he will emerge with "a greater victory" in the second primary, May 24.

Following his impressive statewide showing in the first primary, Senator Carlton said:

"I wish first to express my deepest gratitude to the many thousands of my supporters from Pensacola to Key West who made our first primary victory possible.

"My thanks go also to the press of Florida for the firm vote of confidence our supporters have given our campaign effort. Their endorsements have been a continuing source of strength and inspiration to me.

"I want to invite the support of the men and women who cast their first primary votes for candidates other than those who will meet in the runoff election.

"I am anticipating significant aid from some of these candidates who I have known as personal friends for many years.

"I am impressed by the fact that we ran consistently in first, second or third position throughout the entire state. This indicates the quality, the depth and breadth of our organizational support.

"The success which crowned our effort Tuesday can be credited to the clean, aggressive manner in which we have conducted our campaign.

"It emphasizes the fact that the people of Florida are interested in full exposure of all the issues affecting their welfare.

"We are in this runoff election because of the support of public service, the platform on which we are running, the efforts of my loyal supporters and the backing of the Florida press.

"Above all else, I want to send out my personal greetings and warmest thanks to every person who has played a part in this fine victory.

"And I invite all Floridians to join hands with me in the larger victory to come on May 24."

Rainbow Installation Scheduled Sunday

Accident Rates In Industry Up

Industrial injuries in Florida totaled 46,000 during the first three months of 1960, State Industrial Commission Chairman James T. Voelcke reported today.

That was six thousand more than for the same period last year.

Industrial fatalities were 49 for the period from 44 to 49. However, in industrial hazard areas covered by the new safety codes, fatalities were reduced.

Voelcke attributed the increase "primarily to the high number of fatalities during the first quarter of this year compared to a year ago."

Voelcke said that some 73,500 more people are working in Florida than at the same time in 1959, meaning that exposure to accident hazards increased greatly.

"There is no reason why industry management and labor should not apply all possible effort to reducing accidents for the remainder of the year," he said.

Voelcke said that some 73,500 more people are working in Florida than at the same time in 1959, meaning that exposure to accident hazards increased greatly.

"The dollar saving in cost of accidents and the human suffering prevented will more than repay the effort put forth," he added.

He which soeth sparingly shall reap also sparingly; and he which soweth bountifully shall reap also bountifully.

(II Corinthians 9:6)

There is no one so poor that he cannot give of brotherly love—of kindness, tolerance, consideration, and a helping hand to someone less fortunate. The more we give and the more gladly we give in His name, the more we shall receive.

James L. Gullmarin, former U. S. District Attorney, and prominent Republican leader in Florida, today commenced his state-wide campaign for Republican National Committee.

Gullmarin, a prominent attorney for 15 years, announced his basic platform calls for "equal representation for all Florida Republicans."

Twice appointed by President Eisenhower as U. S. District Attorney for the Southern District, Gullmarin served 82 percent of Florida in this important post from 1953 through 1959.

Citing his personal contacts with President Eisenhower, Vice President Nixon and other national G. O. P. party leaders, Gullmarin declared he would strive for further national recognition for the Florida Republican Party, as well as vigorous leadership for the entire G. O. P. slate in the 1960 elections.

A resident of Dade County, Gullmarin, 42, is married to the former Eileen London. They have three children. He holds an A. B. degree from Harvard and an L. L. B. from St. John's University.

Gullmarin is president of the Federal Bar Association, South Florida Chapter, member of the Tampa and Hillsborough County Bar Association, the American Bar Association, Dade County Bar Association, International Foreign Law Association, and former president, Tenth of the Delta Phi legal fraternity.

He is trustee, National Children's Cardiac Hospital; member, Sigma Alpha Epsilon fraternity, Dade County Chamber of Commerce, and Miami Exchange Club.

Outstanding among Gullmarin's activities in national Republican circles was his leadership as executive of the victorious "Citizens for Eisenhower-Nixon" movement in 1952.

Korea Has Long Record Of Violence Dating From Early Recorded History

EDITOR'S NOTE: Recent developments in Korea dealing with violence make this story of that country's history timely.

For a land of "Morning Calm" Korea has managed to incorporate a good deal of violence into its history.

Americans know the home of Heartbreak Ridge and Pork Chop Hill, landmarks in the Korean War, and the demonstration against recent elections won by Syngman Rhee's Liberal party.

But Korea has contributed more than a battleground to world affairs since 1122 B. C., when a Chinese exile founded the kingdom of Chosen, or "Morning Calm."

World Book Encyclopedia reports that the Koreans invented the first movable printing type made of metal, in the late 1300's. They built the first armored boats and used them to fight a Japanese invasion in 1592.

They taught the Japanese how to make the silk for which they became famous and passed on

to them the Buddhist culture which he picked up from China.

Other early inventions credited to them include astronomical instruments, a mariner's compass and a suspension bridge.

Korea was given another name after 1598, when she drove out both the Japanese invaders and her own Chinese allies. Disillusioned with foreigners, she shut herself off from the rest of the world and for almost 300 years was known as "the Hermit Kingdom."

In the 37 months of the Korean War, more than one million civilian men, women and children were killed in South Korea. World Book Encyclopedia says the war caused more than one billion dollars' worth of damage throughout the peninsula.

The Rogers Amendment, now Section 503(c) of the Mutual Security Act, directed the President to conduct a continuing country-by-country study of those nations receiving direct gifts and grants and to formulate a plan whereby gift and grant aid will be progressively reduced and terminated.

In accordance with Section 503(c), the State Department recently submitted a report to the Congress, based on its study, detailing the progress being made toward cutting down economic aid in the form of grants.

It was this study which resulted in reductions in the funds requested for the grant programs for the 1961 fiscal year.

Rogers told the House that his amendment marked the intent of the Congress that continuing aid to nations which are unable to support for further cuts and final elimination of foreign aid grant spending.

The support given me in the Primary Election is gratefully and sincerely appreciated.

Naval Academy Candidates Told

Congressman Paul G. Rogers announced that he had received today the results of the competitive examinations from the United States Naval Academy.

For the two vacancies he has at this Academy this year, Congressman Rogers stated that the following candidates qualified:

First vacancy: Principal, Ralph Schlichter, 1104 York Road, Fort Pierce, Florida; Alternates, Robert Roder, 824 NE 18th Avenue, Ft. Lauderdale, Florida.

Second vacancy: Principal, Bruce Toman, 3803 Cleveland, St. Hollywood, Florida; Alternates, John Herick, 705 NE 16th St., Ft. Lauderdale, Florida.

Mr. Rogers stated further that he was proud of the fine showing made by all the young men he had nominated to compete in these examinations.

The nicest thing about any election is to be able to express humble and grateful appreciation for the support so generously given by Palm Beach County's voting citizens. I sincerely solicit your continued support in the May 24th Run Off Election for Tax Assessor.

Arts Building May Be Delayed

Balm Beach County Board of Public Instruction Board members learned last week of a possible delay in the work schedule of the Pahokee Industrial Arts Building, according to Howell Watkins, School Superintendent.

Jack Willson, Director of School Plan Planning, reported last week on the receipt of a letter from contractor Wiley Tillis stating that a possible delay in completion time on the building might arise due to late delivery of windows. Tillis requested that the day penalty not be enforced should the completion date be delayed.

In other action the board confirmed the award of a contract to Roemer Construction Co., for a field house at Belle Glade High School.

Bids for a four-room addition at East Lake High School were opened and referred to the superintendent for study. Blanton & Unwin, Pahokee, were apparent low bidders at \$46,000. Completion time was set at 120 days.
